“The program is easy to follow and helpful when working a full time job.”

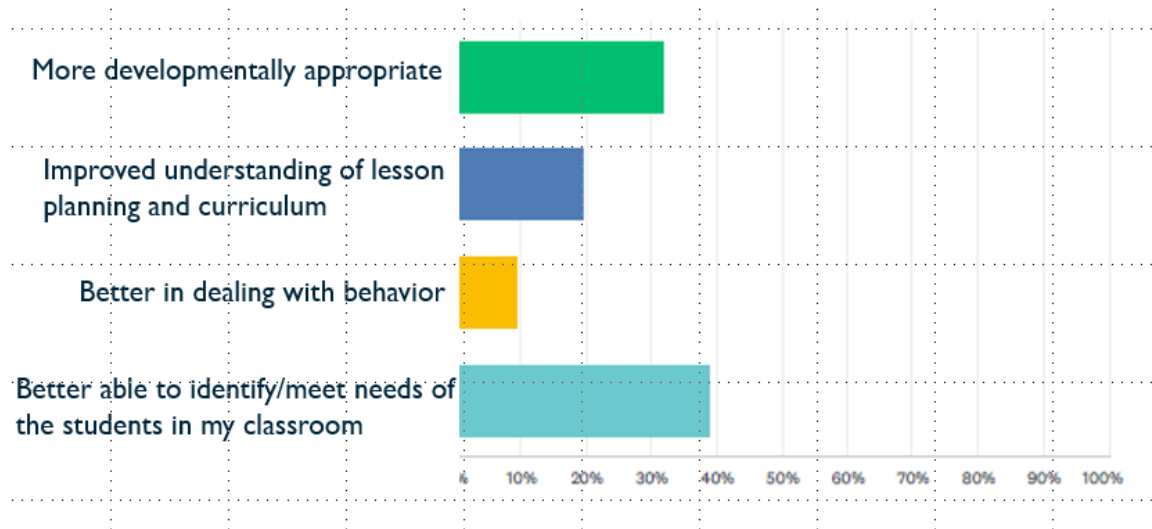

“Most definitely! It has helped me succeed with earning college degrees as well as gaining higher self confidence.”

“T.E.A.C.H. has been a huge encouragement to keep pushing myself to further my education. Being a part of T.E.A.C.H. has made me feel so much more positive about school and my future!”

How has T.E.A.C.H. Helped You?

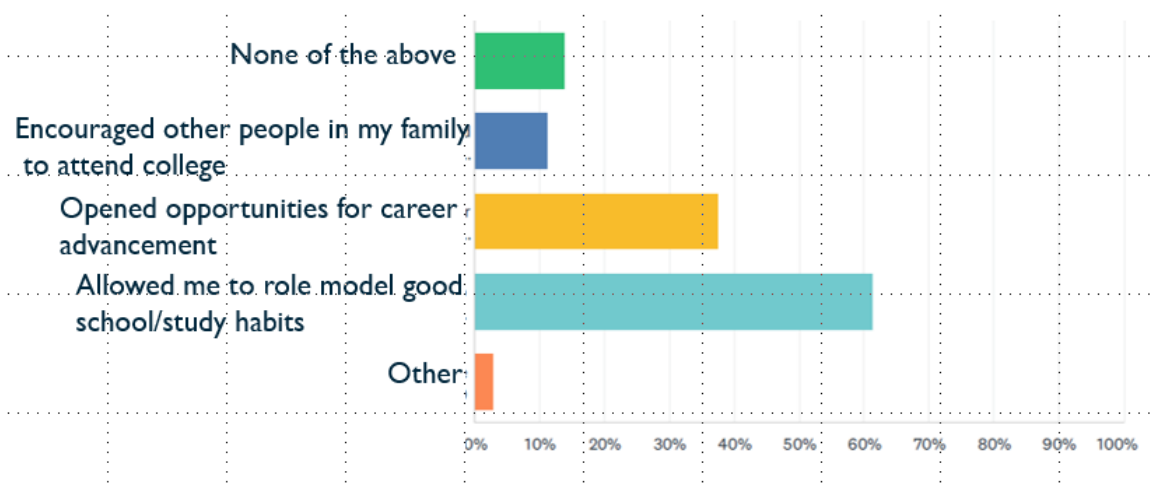

After attending college classes my skills as a teacher are:

"I find myself better at all the above. I've known how to take care of teach children for years. After attending college classes, it's become far easier with all four, Lesson planning makes our days more organized, behavior management helps all of us with having better days. Learning how to teach and be more aware of developmentally appropriate practice has helped a great deal."

"I now recognize and use different strategies that support each student individually."

How has participating in T.E.A.C.H. impacted your family?

"My family hasn't been this proud of me in years. It is a great feeling!"

"It has helped teach my family the importance of getting a higher education and how valuable it can be. My daughter has found inspiration to do better in her school and joins me at the table to study."

"My sister is now going to college as well because she looks up to me."

Were the T.E.A.C.H. staff supportive?
