COMPENSATION

COUNSELOR

TEACH Counselors offer support to navigate the college process and TEACH paperwork.

What is the early childhood education career pathway?

What degrees and credentials does TEACH support?

TEACH scholarship contracts are for one year each, supporting tuition for up to 18 credits, books, release time (paid time away from work to balance school, work, and family responsibilities), travel costs, and an annual bonus or raise. Scholarships also support part-time student status.

Where can I go to college?

Use TEACH to attend any community college or four-year college/university in Iowa that has an early childhood education program. CDA® coursework is supported if taken for college credit.

Am I eligible?

You may be eligible for a scholarship if you are:

- Working toward an early childhood degree, credential, or endorsement or taking a course for WAGE\$
- Working with children birth to preschool in the same program for at least three months
- Working in a regulated preschool, child care center, or home program at least 30 hours per week (part day models available for those working at least 20 hours per week)

Frequently Asked Questions

How do I choose a model?

TEACH has three basic models for full time center staff. In all models, teachers contribute 10% of the cost of tuition and books and programs provide paid release time. A Counselor can help you choose the model that works best for your program.

- **Raise Model:** programs contribute 10% of the cost of books and tuition, and agree to provide a 4% (or greater) raise, above any raise all staff receive.
- **Bonus Model:** programs contribute a percentage of the cost of tuition and books, and agree to contribute toward a bonus.
- **Plus Model:** (for programs that cannot provide a raise or bonus) programs contribute a higher percentage of tuition and books and TEACH pays the entire bonus.

What is “release time”?

Release time is paid time away from work to balance school, work, and family responsibilities. Recipients receive up to 48 hours of release time per semester, pending model type and course load. It is reimbursed at \$15/hr.

How should I offer release time?

- Offer release time during rest time so scholarship recipients can study or use the center’s computer and other resources for papers and projects.
- Schedule release time when classroom ratios are down. Recipients can come in late or leave work early and, if necessary, directors can use staff from other classrooms to substitute.
- Pay recipients for their lunch breaks.
- Accumulate release time and provide a whole or half day off before a test, final exam or when a class project is due. This will give scholarship recipients extra time to prepare for these big events.

Frequently Asked Questions

What is expected of my program?

- Contribute a portion of tuition and book costs.
- Provide teachers paid release time each semester, if applicable.
- Award the teacher either a raise or bonus upon completion of the one-year scholarship contract, if applicable.
- Notify TEACH if employment status changes.

What is expected of scholarship recipients?

- Successfully complete at least 9 credit hours during the TEACH contract year.
- Continue employment at your program for an additional year, upon completion of the contract year.
- Contribute 10% of tuition and book costs for each course.

Can my program afford to sponsor staff?

Chances are, yes. The important question is whether you can afford NOT to sponsor your staff. As many directors know, addressing turnover is expensive and time-consuming; the costs can range from several hundred dollars per employee to nearly 1.5x an employee's annual salary. The national turnover rate in early care and education is about 30%, while for TEACH scholars, the turnover rate is only around 5-6%.

Frequently Asked Questions

Can staff participate in both TEACH and WAGES?

Yes! The TEACH Early Childhood® Iowa scholarship program and the Child Care WAGES® Iowa salary supplement program go hand-in-hand. TEACH supports someone to increase their education as they work their way up the WAGES scale and continues to reward them for their education and commitment. Participants in both programs can receive compensation from TEACH and stipends from WAGES simultaneously. Ask us how to participate in both programs!

How much will it cost?

Costs vary depending on how much financial aid an employee receives, how many courses they take, book costs, and which model is chosen. TEACH Counselors are able to provide an estimate tailored to your program. Calculate your costs: iowaaeyc.org/programs/teach/scholarship-savings-calculator

How does the money flow?

- 1** Let your TEACH Counselor know what course(s) you've registered for. TEACH will let your college know which courses will be paid for.
- 2** Purchase textbooks, then send Form B or B/C to your TEACH Counselor with a copy of the book receipts. TEACH pays college tuition bill, then processes book reimbursements and semester stipends.
- 3** Center staff send Form C detailing your release time and all recipients send semester grades to your TEACH Counselor. Recipient & program receives either a check or invoice from TEACH
**Recipient receives bonus or raise upon contract completion*
